PROFILE

Driven and analytical **Data Analyst**, proficient in **MYSQL, Python, Power BI, and Excel**. My strong foundation in data analysis, coupled with a passion for turning data into actionable insights, makes me a valuable asset in any team. As a newcomer to the field, I offer a fresh perspective and a strong eagerness to learn and excel. Capable of identifying patterns, solving problems, and supporting data-driven strategies, I am excited to contribute to a challenging and dynamic environment.

EDUCATION

Shanmuganathan Engineering College, Arasampatti —
Bachelor of Computer Science and Engineering

2020 - 2024

CGPA - 8.31

PROJECTS

PERSONAL PORTFOLIO — 2023

I'm delighted to present my primary project, a meticulously designed **personal portfolio**. This platform not only encapsulates a comprehensive overview of my professional details but also features a collection of **mini-projects** that I've passionately crafted. To delve into my portfolio and explore both **my profile** and these mini-projects, kindly follow the below provided link. <https://veemikha.github.io/PORTFOLIO/>

FORECASTING STOCK MARKETS : UNVEILING FUTURE TRENDS WITH LSTM BASED STOCK PRICE MODELLING — 2024

Stock data forecasting is the process of using historical stock market data to predict future trends and make informed investment decisions.
